Completed Projects

- 156th St. Overcrossing
- 51st Ave. 84th St. NE to 88th St. NE
- SR 9 / SR 92 Break in Access

New Projects

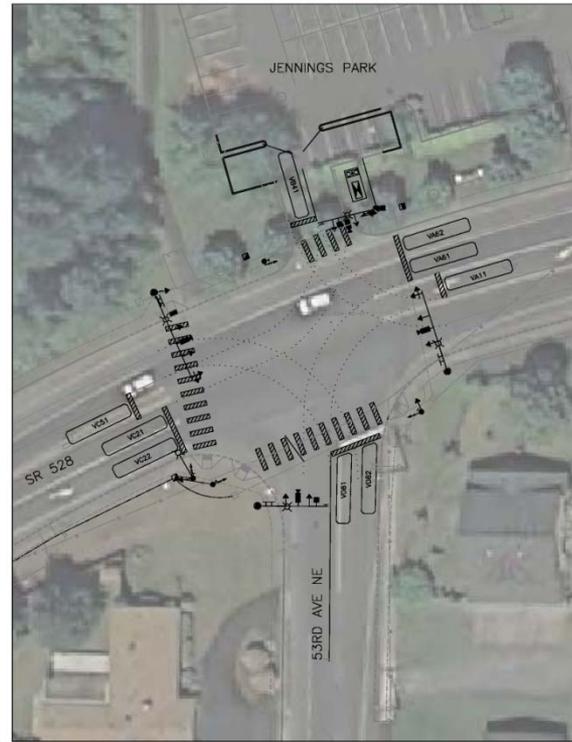

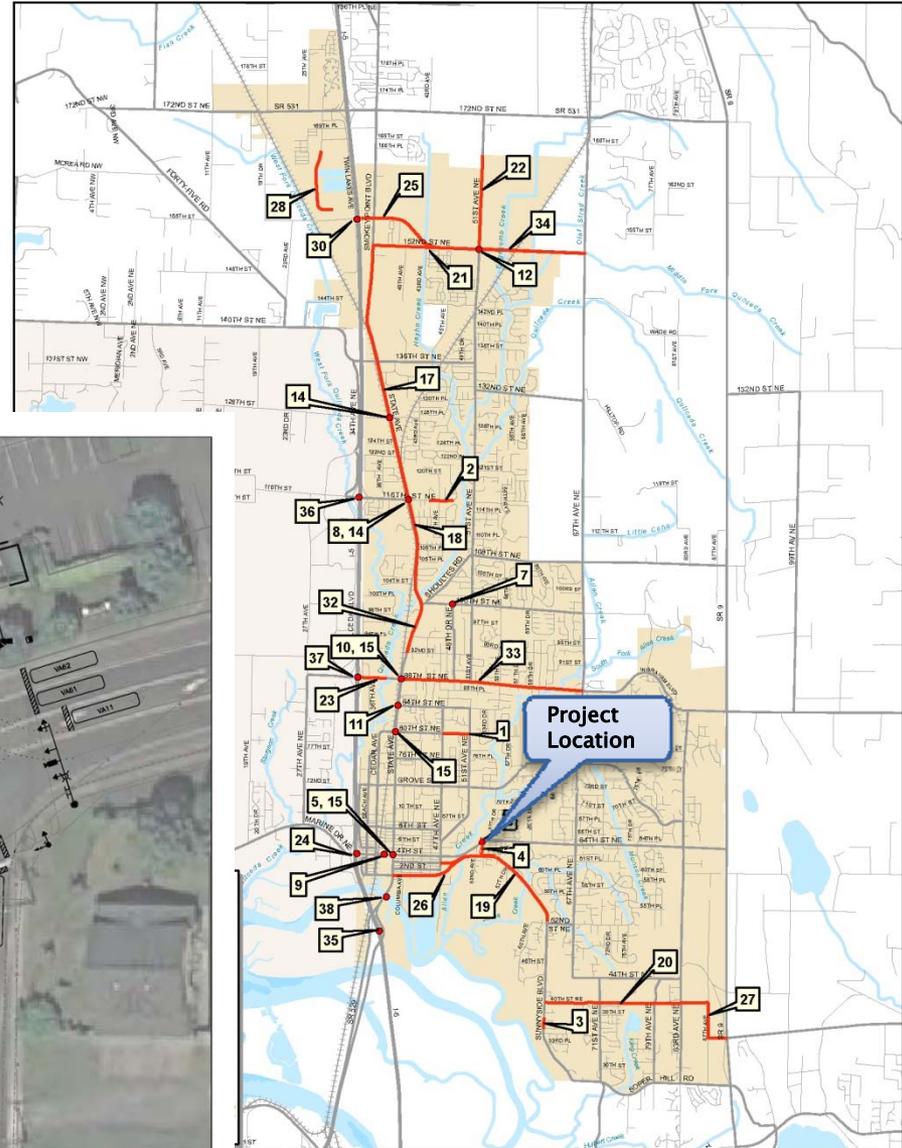

- Marshall Elementary Safe Routes Project
- Sunnyside Elementary Safe Routes Project
- Citywide Intersection Safety Improvements
- State Ave./Smokey Point Blvd. – 116th St. to 174th PL
- State Ave – 1st St. NE to 88th St. NE
- 156th Interchange Project
- State Avenue Overlay Project

Notable 2013 Projects

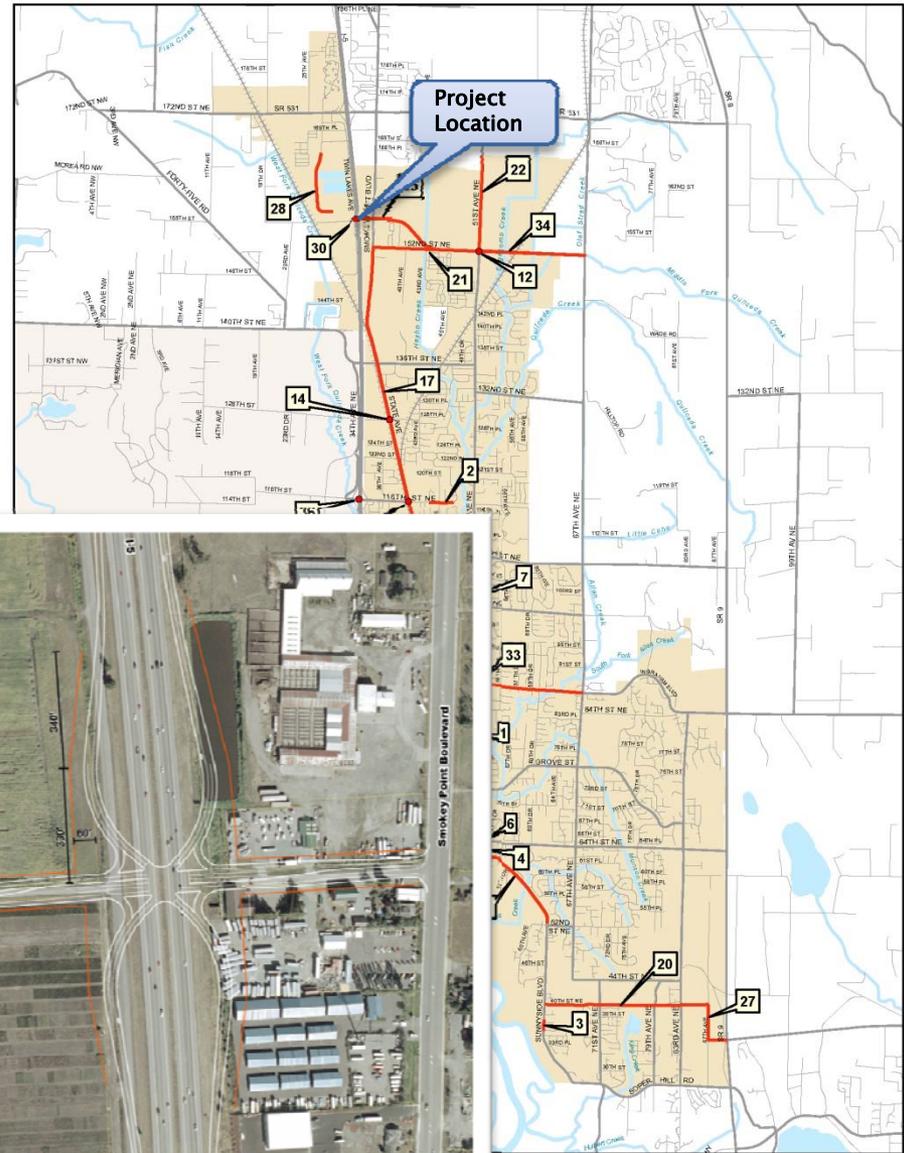

53rd Ave. NE / SR 528 Intersection

- ▶ Construct a new signal including signal cabinets, video detection, and crosswalk provisions
- ▶ Provides necessary pedestrian access point into Jennings Park while relieving congestion at 47th Ave. NE

156th St NE Interchange

- ▶ The project would convert the 156th St. NE Overcrossing (currently under construction) to a full Single Point Urban Interchange
- ▶ Initial funding will begin the Interchange Justification Report with WSDOT
- ▶ Project provides additional access to the Lakewood Triangle and creates a new entry point to the City that avoids the BNSF mainline

SR 528 / I-5 Interchange Additional Lanes

- ▶ The project would construct additional EB and WB lanes along SR 528 under Interstate 5 as well as ramp terminal improvements to accommodate additional turning movements to and from SR 528
- ▶ Initial funding will begin design and ROW
